

M-Bass25 25-Inch Scale Acoustic-Electric MicroBass with Gig Bag

Includes Gig Bag

NET: \$433.33
MAPP: \$649.99

Who?

- Upright bass player wanting a smaller bass
- Electric bass player wanting a different look & sound

What?

- Nato construction, Mahogany top
- Aquila Thunderblack strings
- Active transducer with tuner, preamp with EQ
- 2-way truss rod
- 25" scale length

Where?

- Place near other basses
- Place near other bluegrass instruments

Why?

- A little bigger than the Mbass
- Comes in fretless and left handed
- Lightweight
- Sounds like an upright bass
- Steel strings option

How?

- Play and let customer play it plugged in & unplugged
- Tell customer it fits in the trunk better than an upright
- Good sound punches through even unplugged
- Point out bass features/options
- Gold Tone warranty
